

simplifying HOME BASED BUSINESS

There are nearly one million people operating a business from home in Australia today... that's 64% of all businesses!

Home based business is a popular choice because it provides the autonomy for the operator to select his or her own projects, work style & hours.

The Home Business Forum provides an environment where home based businesses operating in the Port Macquarie - Hastings area meet in a friendly relaxed environment. Members support each other through utilising services, becoming alliance partners or providing referrals.

Each meeting, a guest speaker is invited to present as a specialist in their field. Topics covered are a must see for any home business owner.

Home Based Business Help

SUPPORT

Operating a business from home has its downfalls & special problems, such as isolation & finding relevant mentors & support people. The forum meetings are always informative & provide great support.

NETWORKING

Business owners who operate from home have the opportunity to meet & network with like-minded individuals who face the same challenges on a daily basis. Networking is a great way to build alliances, mentors and clients.

LEARNING

Home Based Business Operators may find it difficult to access business information resources, including business planning & management advice. The Home Business Forum bases their meetings around guest speakers who are experts in their field. Attendees are encouraged to contribute.
